

Moss Lane School COVID-19 Protective Measures Risk Assessment 11th January 2022

Please find attached the COVID-19 risk assessment for Moss Lane schools that has been prepared in response to the Government's guidance for full opening. The measures set out in this risk assessment provide a framework for school leaders to put in place proportionate protective measures for pupils and staff. Moss Lane is open for all children. Any children who are isolating will remain at home and will learn remotely.

Public Health England know that the predominant new variant of coronavirus (COVID-19) is more transmissible however, PHE advice remains that the way to control this virus is with the system of controls, even with the current new variants. It will not spread as readily if we avoid close contact with others. Wash your hands, wear a mask (if and when necessary), keep your distance from others, and reduce social contact in line with guidance. It remains vital that these measures, along with enhanced environmental cleaning and ventilation, are practised stringently.

(NB: Writing in purple is new content added)

Protective measures

The country's move to Step 4 of the roadmap marked a new phase in the government's response to the pandemic, moving away from stringent restrictions on everyone's day-to-day lives, towards advising people on how to protect themselves and others, alongside targeted interventions to reduce risk. Many protective measures that have been in place in schools are now no longer required in normal circumstances. This risk assessment reflects these changes, setting out the protective measures which will remain in place.

Future outbreak planning and Variants of Concern

This Risk Assessment is to be read alongside the school's Outbreak Management Plan, which describes what it would do if children, pupils, students or staff test positive for COVID-19, or how the school would operate if it was advised to reintroduce any measures described in this document to help break chains of transmission. It is essential for the Outbreak Management Plan to be kept up-to-date and relevant to the school's unique setting, referencing the government's [COVID-19 Contingency Framework](#) and the [Surrey County Council local outbreak control plan](#).

This risk assessment sets out the additional protective measures which will be considered in the case of and for the duration of an outbreak i.e. if a specific threshold is met, as set out in the government's [COVID-19 Contingency Framework](#) and the school's Outbreak Management Plan. The additional measures are given in this risk assessment under separate headings: "***Temporary additional measures in the event of an outbreak***" and are shown in *italic* text.

Please note there may be some overlap with targeted Government guidance relating to Variants of Concern such as Omicron, notably regarding the temporary reintroduction of face coverings.

The following school policies (but not limited to) should also be reviewed and updated as required:-

The risk assessment should be used alongside the government guidance below:

		<p>must be cleaned with normal household disinfectant after they have left to reduce the risk of passing the infection on to other people. See the COVID-19: cleaning of non-healthcare settings guidance.</p> <ul style="list-style-type: none"> Any medication given to ease the unwell individual's symptoms, e.g. paracetamol, is administered in accordance with the Administering Medications Policy. Spillages of bodily fluids, e.g. respiratory and nasal discharges, are cleaned up immediately in line with the Infection Control Policy and Cleaning in non-healthcare settings guidance. In an emergency, call 999 if someone is seriously ill or injured or their life is at risk. Anyone with coronavirus (COVID-19) symptoms should not visit the GP, pharmacy, urgent care centre or a hospital (unless visiting A&E in an emergency – ideally phone before). 	<p>Yes</p> <p>Yes</p> <p>Yes</p>			
<p>Prevention</p> <p>2. Where recommended, use of face covering</p>	M	<ul style="list-style-type: none"> In schools where pupils in year 7 (which would be children who were aged 11 on 31 August 2021) and above are educated, face coverings are recommended to be worn by pupils, staff and adult visitors when moving around the premises, outside of classrooms, such as in corridors and communal areas. This is a temporary measure. From January 4th, it is also recommended that in those schools where pupils in year 7 and above are educated, face coverings should be worn in classrooms. This does not apply in situations where wearing a face covering would impact on the ability to take part in exercise or strenuous activity, for example in PE lessons. This will also be a temporary measure. 	Yes	<ul style="list-style-type: none"> The majority of staff will not require PPE beyond what they would normally need for their work. PPE is only needed in a very small number of cases, including: where an individual child or young person becomes ill with coronavirus (COVID-19) 	All staff	L

		<ul style="list-style-type: none"> • Pupils in these schools will also wear a face covering when travelling on public transport and dedicated transport to and from school. • It is not ordinarily expected for teachers to wear a face covering in the classroom if they are at the front of the class, to support education delivery, although the school will be sensitive to the needs of individual teachers. • At Moss Lane face coverings are recommended to be worn by staff and adults (including visitors) when moving around in corridors and communal areas. • Children at Moss Lane will not be asked to wear face coverings. • The guidance acknowledges circumstances where people are not able to wear face coverings. • Face coverings do not need to be worn by a person who is exempt or when outdoors. • Schools, as employers, have a duty to comply with the Equality Act 2010 which includes making reasonable adjustments for disabled staff; and to make reasonable adjustments for disabled pupils, to support them to access education successfully. No pupil should be denied education on the grounds that they are not wearing a face covering. • Transparent face coverings, which may assist communication with someone who relies on lip reading, clear sound or facial expression to communicate, can also be worn. • Face visors or shields can be worn by those exempt from wearing a face covering but they are not an equivalent alternative in terms of source control of virus transmission. They should only be used after carrying out a risk assessment for the specific situation and should always be cleaned appropriately. • Further guidance regarding access to, safe wearing, and removal of face coverings is available in the latest operational guidance. 		<p>symptoms while at school, and only then if a distance of 2 metres cannot be maintained.</p> <ul style="list-style-type: none"> • where a child or young person already has routine intimate care need that involves the use of PPE, in which case the same PPE should continue to be used • If a child is very distressed and need comfort. • Guidance followed on safe working in education, childcare and children's social care and preventing and controlling infection (SCC PPE guidance). • Normal supply of (non-coronavirus related) PPE will be maintained. In line with government guidance, face coverings are not 		
--	--	--	--	--	--	--

		<p>Temporary additional measures in the event of an outbreak</p> <ul style="list-style-type: none"> • <i>If a specific threshold in the Moss Lane's Outbreak Management Plan is met the following additional measures will be considered.</i> • <i>Face coverings may temporarily be re-introduced in communal areas and classrooms for pupils (aged 11 and over), staff and visitors, unless exempt.</i> • <i>Transparent face coverings, which may assist communication with someone who relies on lip reading, clear sound or facial expression to communicate, can also be worn.</i> • <i>Face visors or shields can be worn by those exempt from wearing a face covering but they are not an equivalent alternative in terms of source control of virus transmission. They should only be used after carrying out a risk assessment for the specific situation and should always be cleaned appropriately.</i> • <i>In the event of an outbreak, Contingency framework: education and childcare settings will be referred to in reimplementing the use of face coverings.</i> • 		<p>required at school.</p> <ul style="list-style-type: none"> • A fluid-resistant surgical facemask will be worn if a distance of 2 metres cannot be maintained from someone with symptoms of coronavirus. • If contact is necessary, e.g. a child is unwell then gloves, an apron and a facemask will be worn. • If a risk assessment determines that there is a risk of fluids entering the eye from, for example, coughing, spitting or vomiting, then eye protection will also be worn. • All staff have been trained in the use of PPE and its safe disposal. • Some individuals are exempt from wearing <u>face coverings</u> 		
--	--	--	--	--	--	--

				<ul style="list-style-type: none"> DFE guidance is followed on the <u>use of face coverings in education</u> and clear instructions have been provided to staff, on <u>how to put on, remove, store and dispose of face coverings.</u> 		
Prevention 3. Clean hands thoroughly more often than usual	M	<ul style="list-style-type: none"> Pupils clean their hands regularly, including: <ul style="list-style-type: none"> when they arrive at the school when they return from breaks when they change rooms before and after eating Pupils and staff will need to wash their hands and incorporate time for this in timetables or lesson plans. Staff working with pupils who spit uncontrollably may want more opportunities to wash their hands than other staff. Pupils who use saliva as a sensory stimulant or who struggle with 'catch it, bin it, kill it' may also need more opportunities to wash their hands. Continue to help pupils with complex needs to clean their hands properly. Frequent and thorough hand cleaning should now be regular practice. Ensure there is enough hand washing or hand sanitiser stations available so that all pupils and staff can clean their hands regularly Supervise hand sanitiser use given the risks around ingestion – skin friendly skin cleaning wipes can be used as an alternative Building these routines into school culture, supported by behaviour expectations and helping 	Yes	<ul style="list-style-type: none"> Each class to have its own first aid and sanitising station. All classes use anti-static spray to regularly clean classroom surfaces and equipment. 	All staff Also daily cleaning by cleaning contractors SBM	L

		ensure younger pupils and those with complex needs understand the need to follow them				
Prevention 4. Good respiratory hygiene	M	<ul style="list-style-type: none"> • Catch it, bin it, kill it' approach continues to be very important, suitable number of tissues and bins available in the school to support pupils and staff to follow this routine. • Younger pupils and those with complex needs are helped to follow this. Risk assessments to identify pupils with complex needs who struggle to maintain good respiratory hygiene, for example those who spit uncontrollably or use saliva as a sensory stimulant 	Yes	<ul style="list-style-type: none"> • Lidded bins in all class with 'Catch it, bin it, kill it' signs around school. Bins cleared at the end of the day. • Younger pupils shown and supported in respiratory hygiene and how to use and through way tissues 	All staff SENDco	L
Prevention 5. Cleaning and disinfection		<ul style="list-style-type: none"> • Surfaces that pupils are touching, such as toys, books, desks, chairs, doors, sinks, toilets, light switches, bannisters are cleaned more regularly than normal. • More frequent cleaning of rooms and shared areas that are used by different groups. • Soft furnishings, soft toys and toys that are hard to clean (such as those with intricate parts) are removed. • Toilets will need to be cleaned regularly and pupils must be encouraged to clean their hands thoroughly after using the toilet - different groups being allocated their own toilet blocks could be considered but is not a requirement if the site does not allow for it • The COVID-19: cleaning of non-healthcare settings guidance is followed. • Outdoor playground equipment should be cleaned more frequently. This includes resources used 	Yes	<ul style="list-style-type: none"> • Resources shared such as sports, art, science equipment should be cleaned frequently and meticulously 	All staff Cleaners SBM	L

		<p>inside and outside by wrap around care providers as set out in the School Lettings Policy/Contract.</p> <ul style="list-style-type: none"> • Spillages of bodily fluids, e.g. respiratory and nasal discharges, are cleaned up immediately in line with the Infection Control Policy and Cleaning in non-healthcare settings guidance • Cleaners are employed by the school to carry out daily, thorough cleaning that follows national guidance and is compliant with the COSHH Policy and the Health and Safety Policy. • The SBM arranges enhanced cleaning to be undertaken where required – advice about enhanced cleaning protocols is sought from the local health team. Schools short of cleaning product supplies, should email DfE-CovidEnquiries.COMMERCIAL@education.gov.uk • The SBM monitors the cleaning standards of school cleaning contractors and discusses any additional measures required with regards to managing the spread of coronavirus. 				
<p>Prevention</p> <p>6. Minimise contact</p>	M	<ul style="list-style-type: none"> • From Step 4, it is no longer recommend that it is necessary to keep children in consistent groups ('bubbles'). Bubbles will not need to be used for any summer provision or in schools from the autumn term. <p>Educational visits</p> <ul style="list-style-type: none"> • At Moss Lane we will consider whether to go ahead with planned international educational visits at this time, recognising the risk of disruption to education resulting from the need to isolate and test on arrival back into the UK. The school will refer to the Foreign, Commonwealth and Development Office travel advice and the guidance on international travel before booking and travelling; and ensure that any new bookings have adequate financial protection in place. 	<p>n/a</p> <p>Yes</p>	<ul style="list-style-type: none"> • The end of Autumn term and Spring term parents can come on to the playground. All pupils to enter school via the back door. Parents' to remain on the playground. Parents' to remain on the playground only. • Seek expert guidance from 	All teacher, SCL, Koosa	L

		<ul style="list-style-type: none"> • Moss Lane will liaise with either its visit provider, commercial insurance company, or the Risk Protection Arrangement (RPA) to assess the protection available. Independent advice on insurance cover and options can be sought from the British Insurance Brokers' Association (BIBA) or Association of British Insurers (ABI). Any school holding ATOL or ABTA refund credit notes may use these credit notes to rebook educational or international visits. • The school will undertake full and thorough risk assessments in relation to all educational visits and ensure that any public health advice, such as hygiene and ventilation requirements, is included as part of that risk assessment. General guidance about educational visits is available and is supported by specialist advice from the Outdoor Education Advisory Panel (OEAP). <p>Wraparound activities</p> <ul style="list-style-type: none"> • From Step 4, it is no longer recommended necessary to keep children in consistent groups ('bubbles'). This means that bubbles will not need to be used for any summer provision or from the autumn term. • From Step 4, it is no longer advised that providers limit the attendance of parents and carers at sessions. The school will continue to ensure that parents' and carers' most up-to-date contact details are held in case of an emergency. • Wraparound childcare and other organised activities for children may take place in groups of any number. • Providers caring for children: <ul style="list-style-type: none"> ○ under 5 years only should refer to the guidance for early years and childcare providers during the COVID-19 pandemic ○ both under 5 years and aged 5 years and over, in mixed groups together, should 	Yes	behaviour support (Jackie Foley's team) re support for children with behaviour difficulties – that might need restraint and display spitting, biting etc. Leading to individual risk assessments.		
--	--	--	-----	---	--	--

		<p>follow the guidance on actions for out-of-school settings.</p> <p>Sports provision</p> <ul style="list-style-type: none"> • All sports provision, including competition between settings, should be planned and delivered in line with government guidance. • Providers of sports activities will also refer to: <ul style="list-style-type: none"> ◦ guidance on grassroot sports for public and sport providers, safe provision and facilities, and guidance from Sport England ◦ advice from organisations such as the Association for Physical Education and the Youth Sport Trust • guidance from Swim England on school swimming and water safety lessons available at returning to pools guidance documents and using changing rooms safely <p>Mandatory certification</p> <ul style="list-style-type: none"> • Moss Lane is not required to use the NHS COVID Pass, unless holding a specific event (such as a reception, concert or party) that meets the attendance thresholds. Where applicable, the school will follow guidance on mandatory certification for events. Under 18s are exempt from showing their COVID Status but will be counted towards attendance thresholds. • Moss Lane will not use the NHS COVID Pass as a condition of entry for education or related activities such as exams, teaching, extra-curricular activities or any other day-to-day activities that are part of education or training. <p>Performances, Events and Music including Seasonal Events</p>				
--	--	--	--	--	--	--

		<ul style="list-style-type: none"> Any plans for Seasonal Events or performances will be fully risk assessed and contingency plans made for managing or cancelling events using the thresholds for additional action set out in the DfE contingency framework as a guide. Under current guidance, events and gatherings at Moss Lane are permitted. However, to maintain compliance, the school will check government and local guidelines regularly. While indoor events can continue under current government guidelines, event organisers are encouraged to consider hosting events outdoors, or in well ventilated spaces. School leaders and Moss Lane event organisers (such as for nativity plays and concerts) will consider the following to support their risk management and decision making: <ul style="list-style-type: none"> Create an event risk assessment to identify appropriate mitigation measures Review decision to proceed 5–10 school days prior to the scheduled event, taking into account pupil and staff COVID-19 case rates and ensuring sufficient staffing capacity to continue safely with the event Avoid events where mixing of class/year groups occur Remind invitees that should they develop symptoms, however mild, they should not attend Recommend one parent/guardian per child attends in person to reduce numbers Ask attendees to perform an LFD test within 48 hours or closer to the event and to self-isolate and follow government guidance should a positive test result be returned Request attendees over the age of 11 to wear face coverings when attending the event within communal spaces and when seated unless exempt; have additional face coverings available for those who need them 				
--	--	---	--	--	--	--

		<ul style="list-style-type: none"> ○ Consider physically spacing the audience or reduce usual occupancy of the space to help to reduce risk of transmission ○ Maximise ventilation by opening windows and doors; (highlight to attendees in advance it may be colder than usual) ○ Ensure sufficient breaks between performances to allow for cleaning and ventilation ○ Discourage audience participation in any activity that can create aerosols, such as singing or shouting ○ Consider the use of an NHS QR code and encourage use of the NHS APP. ○ Regularly clean frequent touch points such as handrails, door handles and toilet areas ○ Use marshals to discourage congregation of people in specific areas such as entrance and exit points ○ Consider the practicalities, necessity, and risk management of offering any refreshments ○ Provide hand washing facilities and/or hand sanitiser ○ Encourage COVID-19 vaccination in those who are eligible <ul style="list-style-type: none"> • Moss Lane will follow safeguarding guidance when planning remote education strategies and teaching remotely during the coronavirus (COVID-19) outbreak, and this guidance will also be considered in relation to Seasonal Events. • The school will consider relevant advice from the NSPCC in relation to Photography and sharing images NSPCC Learning. • Singing, wind and brass instrument lessons can be undertaken, following guidance provided by the DCMS working safely during coronavirus (COVID-19): performing arts. • If planning an indoor or outdoor face-to-face performance in front of a live audience, Moss Lane 				
--	--	--	--	--	--	--

		<p>will also follow the latest advice in the DCMS working safely during coronavirus (COVID-19): performing arts.</p> <ul style="list-style-type: none"> • If delivering sporting or other organised events, more information can be found in the COVID-19: Organised events guidance for local authorities. • Where Moss Lane premises are hired for use by external wraparound childcare providers, such as after-school or holiday clubs, these organisations will: <ul style="list-style-type: none"> ○ consider the relevant government guidance for their sector ○ put in place protective measures. <p><i>Temporary additional measures in the event of an outbreak</i></p> <ul style="list-style-type: none"> • <i>If a specific threshold in the Moss Lane's Outbreak Management Plan is met the following additional measures will be considered.</i> • <i>It may become necessary to reintroduce 'bubbles' for a temporary period, to reduce mixing between groups, as follows.</i> • <i>The number of contacts between pupils and staff is reduced. This is achieved through keeping groups separate (in 'Bubbles'). The school will consider:</i> <ul style="list-style-type: none"> ○ <i>The layout of the school site;</i> ○ <i>The feasibility of keeping distinct groups separate while offering a broad curriculum</i> <p><i>More information on groups can be found in COVID-19: Guidance for full opening</i></p> <ul style="list-style-type: none"> • <i>All teachers and other staff can operate across different classes and year groups in order to facilitate the delivery of the school timetable. This will be particularly important for secondary schools.</i> • <i>Supply teachers, peripatetic teachers and/or other temporary staff can move between schools.</i> 				
--	--	--	--	--	--	--

		<ul style="list-style-type: none"> • <i>Large gatherings such as assemblies are avoided, and groups kept apart.</i> • <i>The timetable is revised to implement where possible:</i> <ul style="list-style-type: none"> ○ <i>Plan for lessons or activities which keep groups apart and movement around the school site to a minimum;</i> ○ <i>Maximise the number of lessons or classroom activities which could take place outdoors;</i> ○ <i>Staggered assembly groups;</i> ○ <i>Break times (including lunch) are staggered so that all pupils are not moving around the school at the same time.</i> • <i>Pupils use the same classroom or defined area of a setting throughout the day, with a thorough cleaning of the rooms at the end of the day, and are seated at the same desk.</i> • <i>Mixing within Moss Lane setting is minimised by:</i> <ul style="list-style-type: none"> ○ <i>accessing rooms directly from outside where possible;</i> ○ <i>considering one-way circulation, or place a divider down the middle of the corridor to keep groups apart as they move through the setting where spaces are accessed by corridors;</i> ○ <i>staggering lunch breaks and pupils clean their hands beforehand and enter in the groups they are already in or pupils are brought their lunch in their classrooms;</i> ○ <i>The number of pupils using the toilet at any one time is limited.</i> • <i>The use of shared space such as halls is limited and there is cleaning between use by different groups.</i> 				
Prevention	M	<ul style="list-style-type: none"> • Good ventilation reduces the concentration of the virus in the air, which reduces the risk from 	Yes		All staff	L

7. Keep occupied spaces well ventilated		<p>airborne transmission. When the school is in operation, it is important to ensure it is well ventilated and a comfortable teaching environment is maintained.</p> <ul style="list-style-type: none"> • Moss Lane will identify any poorly ventilated spaces as part of its risk assessment and take steps to improve fresh air flow in these areas, giving particular consideration when holding events where visitors such as parents are on site, for example, school plays. • Mechanical ventilation is a system that uses a fan to draw fresh air or extract air from a room. These should be adjusted to increase the ventilation rate wherever possible and checked to confirm that normal operation meets current guidance and that only fresh outside air is circulated. • If possible, systems should be adjusted to full fresh air or, if this is not possible, then systems should be operated as normal as long as they are within a single room and supplemented by an outdoor air supply. • Where mechanical ventilation systems exist, you should ensure that they are maintained in accordance with the manufacturers' recommendations. • Opening external windows can improve natural ventilation, and in addition, opening internal doors can also assist with creating a throughput of air. If necessary, external opening doors may also be used (if they are not fire doors and where safe to do so). • Moss Lane will refer to Surrey County Council's latest Ventilation in schools during COVID-19 guidance document for more detailed advice for ensuring appropriate ventilation in the school. The school will use this guidance to balance the need for increased ventilation while maintaining a

		<p>comfortable temperature, particularly during periods of colder weather.</p> <ul style="list-style-type: none"> The Health and Safety Executive guidance on air conditioning and ventilation during the COVID-19 pandemic and CIBSE COVID-19 advice provides more information. CO2 monitors are being provided to state-funded education settings, so staff can quickly identify where ventilation needs to be improved. 				
<p>In specific circumstances</p> <p>8. Where necessary, wear PPE</p>	M	<ul style="list-style-type: none"> The majority of staff in education settings will not require PPE beyond what they would normally need for their work. PPE is only needed in a very small number of cases, including: <ul style="list-style-type: none"> where an individual child or young person becomes ill with coronavirus (COVID-19) symptoms while at schools Performing aerosol generating procedures (AGPs) When working with children and young people who cough, spit or vomit but do not have coronavirus (COVID-19) symptoms, only wear PPE that would be routinely worn, should be worn. Read the guidance on safe working in education, childcare and children's social care for more information about preventing and controlling infection and follow SCC's PPE guidance. 	Yes		All staff	M
<p>In specific circumstances</p> <p>9. Promote and engage in asymptomatic testing, where available</p>	M	<p>Asymptomatic testing</p> <ul style="list-style-type: none"> Testing remains important in reducing the risk of transmission of infection within schools. Staff should continue to test twice weekly at home, with lateral flow device (LFD) test kits, 3 to 4 days apart. Testing remains voluntary but is strongly encouraged. Moss Lane has been strongly encouraged to ask parents and other visitors to take a lateral flow device (LFD) test before entering the school. 	Yes	<ul style="list-style-type: none"> Pupils will potentially mix with lots of other people during external clubs /activities and the holidays, school to have an awareness of this and be aware of the signs and 	All staff	M

		<ul style="list-style-type: none"> Further information on Daily Rapid Testing can be found in section 10 of this document 'Test and trace, and isolation'. There is no need for primary age pupils (those in year 6 and below) to regularly test, unless they have been identified as a contact for someone who has tested positive for Covid-19 and therefore advised to take lateral flow tests every day for 7 days. <p>Confirmatory PCR tests</p> <ul style="list-style-type: none"> Staff and pupils with a positive LFD test result will follow the latest government guidance on confirmatory PCR tests in Stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection - GOV.UK. If necessary while following the above guidance, additional information on the provision and use of PCR test kits for schools and further education providers is available. 		symptoms of coronavirus.		
Response to infection 10. Test and trace	M	<ul style="list-style-type: none"> Close contacts in schools are now identified by NHS Test and Trace and Moss Lane is not expected to undertake contact tracing. As with positive cases in any other setting, NHS Test and Trace will work with the positive case and/or their parent to identify close contacts. Contacts from a school setting will only be traced by NHS Test and Trace where the positive case or their parent specifically identifies the individual as being a close contact. This is likely to be a small number of individuals who would be most at risk of contracting COVID-19 due to the nature of the close contact. Moss Lane is aware it may be contacted in exceptional cases to help with identifying close contacts, as currently happens in managing other infectious diseases. 	Yes		All staff	M

		<ul style="list-style-type: none"> • From 14 December 2021, adults who are fully vaccinated and all children and young people aged between 5 and 18 years and 6 months identified as a contact of someone with COVID-19 are strongly advised to take a LFD test every day for 7 days and continue to attend their setting as normal, unless they have a positive test result. Daily testing of close contacts applies to all contacts who are: <ul style="list-style-type: none"> ○ fully vaccinated adults – people who have had 2 doses of an approved vaccine ○ all children and young people aged 5 to 18 years and 6 months, regardless of their vaccination status ○ people who are not able to get vaccinated for medical reasons ○ people taking part, or have taken part, in an approved clinical trial for a COVID-19 vaccine • Children under 5 years are exempt from self-isolation and do not need to take part in daily testing of close contacts. • Pupils with SEND identified as close contacts should be supported by their school and their families to agree the most appropriate route for testing including, where appropriate, additional support to assist swabbing. For further information please see SEND guidance. • Further information is available in NHS Test and Trace: what to do if you are contacted and in the stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection. • 18-year-olds are treated in the same way as children until 6 months after their 18th birthday, to allow them the opportunity to get fully vaccinated. At which point, they will be subject to the same rules as adults and so if they choose not to get vaccinated, they will need to self-isolate if identified as a close contact. • Moss Lane will continue to have a role in working with health protection teams in the case of a local 				
--	--	--	--	--	--	--

		outbreak. If there is a substantial increase in the number of positive cases in a setting or if central government offers the area an enhanced response package, a director of public health might advise a setting to temporarily reintroduce some control measures.				
Response to infection 11. Managing confirmed COVID-19 cases	M	<ul style="list-style-type: none"> Confirmed cases of COVID-19 will be managed by Moss Lane should they arise in any of the following cases: <ul style="list-style-type: none"> if a pupil or staff member develops COVID-19 symptoms or has a positive test; if anyone in the school develops COVID-19 symptoms, however mild; or if a pupil in a boarding school shows symptoms. In any of these cases, Moss Lane will refer to section 1 of this risk assessment, specifically under the heading "When an individual develops COVID-19 symptoms or has a positive test". 	Yes		All staff	L
Response to infection & Outbreak Planning 12. Contain any outbreaks	M	<ul style="list-style-type: none"> The contingency framework describes the principles of managing local outbreaks of COVID-19 in education and childcare settings. Local authorities, directors of public health (DsPH) and United Kingdom Health Security Agency (UKHSA) health protection teams (HPTs) can recommend measures described in the contingency framework in individual education and childcare settings – or a small cluster of settings – as part of their outbreak management responsibilities. Moss Lane's Outbreak Management Plan describes what it would do if, pupils or staff test positive for COVID-19, or how Moss Lane would operate if it was advised to reintroduce any measures described in this document to help break chains of transmission. The Outbreak Management Plan will be kept up-to-date and relevant to the school's unique setting, referencing the government's COVID-19 	Yes		All staff	L

		<p>Contingency Framework and the Surrey County Council local outbreak control plan.</p> <ul style="list-style-type: none"> • This risk assessment sets out the additional protective measures which will be considered in the case of and for the duration of an outbreak i.e. if a specific threshold is met, as set out in the government's COVID-19 Contingency Framework and the school's Outbreak Management Plan. • The additional measures are given elsewhere in this risk assessment under separate headings "<i>Temporary additional measures in the event of an outbreak</i>" and are shown in <i>italic</i> text. • Covid Clinics – consultation offer provides additional support to assist school leaders in their decision making in response to an outbreak. The consultation service is delivered by Surrey County Council Public Health and School Relationships & Support Service. 				
Attendance	M	<p>Clinically extremely vulnerable (CEV)</p> <ul style="list-style-type: none"> • Following expert clinical advice and the successful rollout of the COVID-19 vaccine programme, people previously considered to be particularly vulnerable, clinically extremely vulnerable (CEV), and high or higher-risk are not being advised to shield again. Children and young people who were previously identified as being in one of these groups, are advised to continue to follow the guidance contained in Coronavirus: how to stay safe and help prevent the spread. • Children and young people previously considered CEV should attend school and should follow the same COVID-19 guidance as the rest of the population. In some circumstances, a child or young person may have received personal advice from their specialist or clinician on additional precautions to take and they should continue to follow that advice. 	Yes		All staff	L
			Yes		VA /office	

		<ul style="list-style-type: none"> Further information is available in the guidance on supporting pupils at school with medical conditions and guidance on protecting people who are clinically extremely vulnerable. <p>Travel and quarantine</p> <ul style="list-style-type: none"> All children must adhere to government travel advice if travelling to England from another country during coronavirus (COVID-19). Parents travelling abroad should bear in mind the impact on their child's education which may result from any requirement to quarantine or isolate upon return. Where pupils travel from abroad to attend a boarding school, the school will need to explain the rules to pupils and their parents before they travel to the UK Moss Lane will check the current 'red list' and liaise with parents to ensure any pupils arriving from or through an affected country will follow this advice. 		<ul style="list-style-type: none"> If as a school we think a family have returned from abroad adhered to the guidance on travel VA would contact family to discuss. 		
Workforce	M	<ul style="list-style-type: none"> Moss Lane will ensure that key contractors are aware of the school's control measures and ways of working. <p>Clinically extremely vulnerable (CEV)</p> <ul style="list-style-type: none"> From 13 December office workers who can work from home should do so. Anyone who cannot work from home, such as those involved in the face-to-face provision of education, should continue to go to their place of work. School leaders are best placed to determine the workforce required to meet the needs of their pupils. School leaders will need to consider whether it is possible for specific staff undertaking certain 	Yes	<ul style="list-style-type: none"> CEV risk assessment to be updated if any guidance changes VA to have an open door for any staff who feel vulnerable. 	All staff	L

		<p>roles to work from home without disrupting to face-to-face education.</p> <ul style="list-style-type: none"> • Following expert clinical advice and the successful rollout of the COVID-19 vaccine programme, people previously considered to be particularly vulnerable, clinically extremely vulnerable (CEV), and high or higher-risk are not being advised to shield again. If staff were previously identified as being in one of these groups, they are advised to continue to follow the guidance contained in Coronavirus: how to stay safe and help prevent the spread. • In some circumstances, staff may have received personal advice from their specialist or clinician on additional precautions to take and they should continue to follow that advice. Whilst individual risk assessments are not required, employers are expected to discuss any concerns that people previously considered CEV may have. • Moss Lane will make consideration of risks to female employees of childbearing age and, in particular, risks to new and expectant mothers. • Moss Lane will follow the guidance for pregnant employees and will carry out a risk assessment to follow the Management of Health and Safety at Work Regulations 1999 (MHSW). The school will also consider the needs of pregnant pupils. • Moss Lane will refer to COVID-19 vaccination: a guide for women of childbearing age, pregnant or breastfeeding which contains further advice on vaccination. • Moss Lane is able to explain the measures it has in place to keep staff safe at work, noting the Health and Safety Executive's (HSE) guidance on protecting vulnerable workers, including advice for employers and employees on how to talk about reducing risks in the workplace. For home working, employers should consider whether home working is appropriate for workers facing mental or physical health difficulties, or those with a particularly 				
--	--	--	--	--	--	--

		challenging home working environment. Employers should discuss concerns with staff.				
Travel and quarantine	M	Travel and quarantine <ul style="list-style-type: none"> All staff must adhere to government travel advice if travelling to England from another country during coronavirus (COVID-19). 	Yes		SLT	L
Emergencies	M	<ul style="list-style-type: none"> All pupil emergency contact details are up-to-date, including alternative emergency contact details, where required. Parents are contacted as soon as practicable in the event of an emergency. Pupil alternative contacts are called where their primary emergency contact cannot be contacted. The school has an up-to-date First Aid Policy in place which outlines the management of medical emergencies – medical emergencies are managed in line with this policy. 	Yes		office	L
Managing School Transport	L	<ul style="list-style-type: none"> Parents and pupils are encouraged to walk or cycle to their education setting where possible. Parents and pupils are discouraged from using public transport, where possible particularly during peak times. Maximising distancing and minimising mixing is no longer recommended, but unnecessary risks such as overcrowding should be minimised. Transport providers are advised that they do not work if they or a member of their household are displaying any symptoms of coronavirus, and should follow the UKHSA stay at home guidance for households with possible or confirmed coronavirus (COVID-19) infection 	Yes		SLT	L

		<ul style="list-style-type: none"> Transport providers, as far as possible, are advised of the need to follow hygiene rules and to ensure vehicles are well ventilated when occupied, particularly by opening windows and ceiling vents. Where possible, transport arrangements are organised to cater for any changes to start and finish times. Revised travel plans are communicated clearly to contractors, local authorities and parents where appropriate (for instance, to agree pick-up and drop-off times). For more information on home to school transport – Dedicated transport to schools and colleges COVID-19 operational guidance <p>Temporary additional measures in the event of an outbreak</p> <ul style="list-style-type: none"> <i>If a specific threshold in the school's Outbreak Management Plan is met or if the school is advised to consider reintroducing bubbles to reduce mixing for a temporary period, the school will consider whether it is possible to temporarily reinstate any measures it previously had in place to reduce mixing on transport.</i>

**COVID-19
HASN'T
GONE
AWAY**

Covid-19 testing guidance for children in Year 6 and below

Showing symptoms (this is day 0)

**Keep the child at home & tell their early years/
primary setting.**

**Get a confirmatory PCR test. Call 119 or book a
test online at www.gov.uk/get-coronavirus-test**

Positive result

Day (1-10) self-isolation.

Anyone who tests positive will be able to leave self-isolation 7 days after the date of their initial positive test if they receive 2 negative lateral flow test results, 24 hours apart, on days 6 and 7. The first lateral flow test should not be taken before the sixth day. If any of these tests are positive, they should continue to self-isolate until day 10.

Anyone aged 5 years and over, who has been identified as a contact of someone with COVID-19 and who is not legally required to self-isolate, is now strongly advised to take a rapid lateral flow device (LFD) test every day for 7 days (or until 10 days since their last contact with the person who tested positive if this is earlier).

If you are aged over 18 years and 6 months and are not fully vaccinated and you have been informed by NHS Test and Trace that you are a contact of a person who has had a positive test, you are legally required to stay at home and self-isolate.

Under 5s are exempt from self-isolation and do not need to take part in daily rapid lateral flow testing.

Return to early years/primary setting if child is well

You should always record a lateral flow test result, whether positive or negative, via the Gov.uk website
For more information visit surreycc.gov.uk/coronavirus

From 11th Jan, guidance states that primary school age children (year 6 and below) are not required to regularly test, unless they are a contact of a positive case. Anyone who receives a positive lateral flow test result should report their result on GOV.UK and must self-isolate immediately, but currently will not need to take a follow-up PCR test.

Lateral flow tests generally shouldn't be used for children under 5 years. Do not use lateral flow tests on anyone displaying symptoms.

Negative result

Return to early years/primary setting if child is well (note: you should still make a decision as normal about whether your child is well enough to return)

**KEEP
SURREY
SAFE**
