

Home Learning for Bears WC 1st June 2020

Dear Families,

What a fabulously sunny half term we have just had - the weather really has been on our side these past weeks.

As we move into our second half of the summer term, our topic changes to Minibeasts! The children always have so much enthusiasm for this topic and it is always a very popular one.

This week's learning is a general introduction to minibeasts and in the coming weeks we will be focusing on some of the many wonderful stories around minibeasts.

We know that some of your children will be returning to school and so this will be their last week of home learning. These children will continue our minibeast work in school over the half term.

For those of you continuing with home learning, we very much hope to be able to continue providing some ideas so do watch this space.

We hope you have lots of minibeast fun this week!

All best wishes,

The Bears Team
